Education

Bachelor of Science in Computer Science May 2026
Columbus State University, Columbus, GA

Experience

Laborer

July 2025 - Current

MWR, Fort Benning, GA

- Streamlined Excel documents for scheduling.
- Operated a box truck.
- Set up events to accommodate upwards of 200 people.
- Assisted in the setup of a temporary facility due to renovations.

Restaurant Busser

January 2023 - August 2024

*Mikata Japanese Steak House & Sushi Bar
Inc., Columbus, USA*

- Assisted waitstaff by clearing and resetting tables.
 - Maintained cleanliness throughout the restaurant.
 - Helped pack up and prepare carry-out deliveries.
 - Also served as a waiter, which included taking customer orders and delivering them drinks and sides before the chef arrived at their table.
-

Projects

Text-Based escape room game | C#, Object-Oriented designs

- The game allowed the user to traverse different rooms to pick up different items, which would increase their chances of defeating the boss.
- Utilized design patterns such as: command, container, decorator, and singleton.

Network-Wide Adblock | Raspberry Pi, Pi-hole

- Setup Raspberry Pi Zero 2 W as a network-wide adblock
 - Utilized Pi-hole as DNS server, forcing all DNS requests in the network to go through Pi-hole
 - Blocked ads network wide instead of relying on browser AdBlockers
-

Technical Skills

- Java
- C#
- Linux
- MS Office
- Git
